

AFFIRMATIONS FOR ***YOUR*** SUCCESS

The following are Affirmations that I have created for you to repeat when you rise in the morning and when you retire for the evening. Each of them is filled with the energy of change, courage, of self love and transformation.

I *AM* already 'hardwired' for my success! Everything that I need to be successful has been created in God's perfect plan of me, placed within me and accessible for me at all times.

The talents and gifts that are special only to me are part of my true design and the uniqueness of who I *AM*. There is not another ME anywhere in the universe!

I release these talents and gifts out into the world easily and joyfully.

There is no competition for who I *AM*, what I came here to do and how *only* I can deliver ME!

My purpose and my passion are ONE with the truth of who I *AM*.

I *AM* in alignment with my sacred divinity when I surrender my fears and remember who I really am.

I *AM* empowered by Letting Go of any expectations of others that are not in alignment with my true self.

I *AM* empowered by Letting Go of my negative false beliefs about my past and Letting In the unlimited possibilities of my future.

I *AM* ready, willing and able to Let Go of any false beliefs of unworthiness or inadequacy to make room for being '*more than enough*' as the perfect reflection of ME!

I forgive my self for forgetting who I really am and I surrender to the freedom and joy born of that self forgiveness.

My prosperity follows my passion as I unleash my love out into the world that awaits it!

I have arrived! Happy, Healthy , Whole and Successful and a blessing to all those I meet!
